8:30—Lecture by Dr. Woods.

Senator James K. Vardaman did not come to Maryville to give his lecture this afternoon on "The Power of Public Plunder." He was detained in Washington and could not possibly get away. Manager Landon did not receive word of this until Tuesday afternoon and could not make any arrangements for a change in program himself.

Rev. Dr. Wm. Spurgeon of London took Senator Vardaman's place. Dr. Spurgeon was on the program for Friday afternoon program, but came to Maryville Wednesday. Rev. Spurgeon's subject was "An Englishman's View of Uncle Sam and His Country."

Nor will Congressman James E. Watson be here to give his lecture Thursday night. He, too, is detained in Washington. His place will be filled by Dr. Woods, a New Jersey minister. Manager Landon is unable to announce the subject of Dr. Woods' lecture.

The failure of these two men to be here is very unfortunate, and Manager Landon regrets it more than any one. The circumstances are unavoidable, however, and beyond the control of the local management. This is one of those instances which are bound to occur to any Chautauqua, and the people of Nodaway county are fortunate that such things do not happen oftener. This is only the second time during the years Mr. Landon has managed the Chautauqua that any of the talent has failed to appear.

Politics, good roads and music filled Tuesday's Chautauqua program. Although a good program it did not draw as large a crowd as that of Monday. The talent included Congressman Frederick Landis and Roney's Boys' Concert company on the regular Chautauqua program and William Hirth of Columbia, Mo., president of the Federation of Commercial Clubs of Missouri, brought here by the Maryville Commercial club to talk on good roads.

Congressman Landis' speech on "Progressive Principles" was an outline of the main principles of the Progressive party with Mr. Landis' views of them.

"We will take the government from the state house and put it at the fire-sides of the homes of our land," he said. This he explained would be done by the great principles of the party, initiative and referendum, recall and women's suffrage.

These principles are so well known that much need not be said of them, but the speaker asserted that with the initiative and referendum bad bills could be killed at the polls and privilege would not then spend money to get them through the legislature. The Progressive party, he continued, stood for recall of judicial decision, which would effect only affairs of public welfare and not enter into petty private things, the recall of judicial procedure which would prevent final judgment from being delayed five or six years, and the recall of judges.

"But I, myself, am in favor of the recall of every public official," he added. Following Congressman Landis' address, William Hirth spoke to a small crowd of interested persons on the good roads movement. He told principally of the work that has been done in Boone county, his own county, laid stress upon the fact that, contrary to the general opinion of what would be done, the by-roads were worked into good condition before the main highways were touched. He advocated the purchase of modern road machinery, which, he said, had proved in his own county to do better work and more of it than could be done in the old way.

The concerts given by Roney's boys were as popular as ever. The little fellows he has with him from year to year always do good work, and the audiences which hear them are never disappointed. Their concert last night attracted the largest crowd of the day.

The attendance at the Chautauqua so far has been excellent. Up to Tuesday night \$300 more money had been taken in at the gate than for the same time last year.

The domestic science lectures by Mrs. Nellie Kedzie Jones are growing in favor all the time. There was a large attendance Wednesday morning to hear her speak on "Tempting Dishes." They were nut loaf, macaroni and cheese, cheese fondue, cottage cheese, and beamed chicken. They were prepared and served to those present. Mrs. Jones has invited her hearers to criticize and ask questions and help her in the discussion. The women present Wednesday morning took active part and brought out many interesting things Wednesday morning.

Wednesday afternoon's program opened with a prelude concert by the Heron Sisters Concert company, followed by the address of Dr. Spurgeon. A concert was given after the program by the Missouri Ladies Military band.

The campaign for the \$50,000 road bonds to be voted on tomorrow has been conducted along the line of appeal to the financial advantages that will follow the affirmative and the expenditure of the money in the construction of permanent roads in Polk township.

It has been shown that the tax on the individual is almost negligible compared with the direct, money-saving advantage he receives as a result of the building of good roads.

It has been shown that good roads brings the farm closer to town, that it makes farm life more attractive, that it embraces the selling value of the farm land.

It has been shown that it is the economical way to accomplish good roads. The attempt to carry along permanent work from the money that is apportioned from year to year to the road fund and at the same time keep up the necessary repairs on the im-

ANOTHER RAIN LAST NIGHT.

Maryville is Still Getting the Most of the Rain—Other Towns Only Had Sprinkle.

Maryville is still getting the most of the rain in the county. The one Tuesday night amounted to .44 of an inch according to Weather Observer Brink, and was the third rain that Maryville has had within the past three days. Sunday night rain amounted to half an inch and Monday night rain to .93 of an inch.

Reports from the other towns all over the county say that the rain was very light Tuesday night, in some places not more than a sprinkle. The temperature on Tuesday went up to 97.

RAN INTO A BUGGY

DRUNKEN AUTO DRIVER FINED \$1 BY JUDGE JOHNSON.

YOUNG WOMAN INJURED

Automobile Turned Turtle, Buggy Was Demolished, But Only One Person Was Injured.

J. H. Canaday of Albany was arrested Tuesday afternoon on a charge of running an automobile while in a drunken condition. He pleaded guilty to the charge before Justice W. L. Johnson and was fined \$1 and costs, for the damages he had done to a buggy which he ran into with his auto.

Canaday with a party composed of Misses Edith Flesher and Claudia McGrew of King City and Harry Smith of St. Joseph were coming to Maryville in a machine and ran into a buggy near the Council Corner school house, four miles east of the city.

In the buggy were Misses Jessie and Mollie Lyon, daughters of H. W. Lyon, living six miles south of Maryville. They escaped with just a few bruises, but the buggy was badly demolished.

The automobile party escaped with only a few minor injuries except Miss Flesher, who received quite a gash in her head.

The auto and the buggy were coming to Maryville and from the tracks, it looked as if the machine just ran into

BOARD ANSWERS "TAXPAYER"

Has Treated Everyone Civilly and Used Best Judgment in Expenditure of Money

The Board Thinks State Highway Engineer's Estimates as to Cost Are Superior to Those of Mr. Nunnelley

TO THE PUBLIC:

In the Democrat-Forum of the 12th, appeared an article on the bond issue, signed "Tax Payer," written by John B. Nunnelley.

We will not burden you with any extended refutation of the article, because every citizen of Polk township knows as much of the conditions therein; knows as much of the needs as to roads and bridges of the township, and knows as much of the actions of the Township Board as does Mr. Nunnelley. Mr. Nunnelley knows and the citizens of this township know that no man and no vicinity has been treated disrespectfully by this board, as Mr. Nunnelley's article would indicate. Everybody has been treated civilly and courteously, and every effort has been made by the board and by each member thereof to render to the people the very best possible service and to do everything that could possibly be done with the means at hand for the betterment of the roads and in fulfillment of the platform upon which we were elected. No man has been told "If you want it fixed, go fix it," in the spirit that Mr. Nunnelley indicates. In cases of emergency and in cases of unexpected breaks in bridges and culverts men have been told, not discourteously as Mr. Nunnelley suggests, but in a kindly spirit, to fix them and present their bills. This in the interest of the township and in order to facilitate the work.

We will now touch briefly the reasons stated by Mr. Nunnelley for the defeat of the bonds.

(1) "Because Jack Holt does not live in Polk Township." We are at a loss to understand what bearing that has in the case whether Jack Holt lives in this Township or some other, but we suppose he refers to the fact Mr. Holt gave out a statement in favor of the bonds. Any man who is familiar with Mr. Holt, with his tactics on good roads, with the roads in the vicinity of his farm, greatly improved by money expended by him and his neighbors, any one, we say, who knows these things knows that Jack Holt has a right to speak out at any time and at any place and under any circumstances in favor of good roads. His own roads and his own actions license him to do this.

(2) "Because the present Township Board can not hope to carry out their promises and may be retired before they have an opportunity to do so." The board does not attempt to speak beyond the legal limit of its existence. We do say and we repeat, that an honest effort will be made by us, every minute we are in office, and up to the last day of our present term, to carry out every promise made by us in the statement to which he refers.

(3) "Because it will not require half the amount asked to fix all the township culverts." This is a point wherein the judgment of Mr. Nunnelley and the State Highway Engineer is at variance. We do not know what investigation Mr. Nunnelley has made, but the State Highway Engineer's estimate was made after a careful survey of every road in the Township; after looking over every bridge and culvert therein, and then reduced to a mathematical certainty. Has Mr. Nunnelley made such investigation, or are his figures based upon merely a vivid imagination that has come to him in his dreams and prompted by his antipathy for the payment of taxes?

(4) "Because it is not needed if the money set aside for township purposes is judiciously expended." This is another question where the judgment of Mr. Nunnelley is crosswise with that of the talented State Engineer who has made it a study and whose figures are based, as we said before, upon a careful investigation.

(5) "Because taxes are high enough now." This is a question for every man, every individual, every voter to settle for himself. It is not subject to debate that with better roads, better bridges, with better culverts the load can be increased and every farmer's land brought that much closer to the county seat. And it is not subject to debate that the present tax levy is insufficient to improve the condition of the roads. The present levy might maintain the present standard; might allow us to build and rebuild cheap wooden culverts from time to time, but the levy is not sufficient to allow this or any other Township Board to make permanent and lasting improvements. No sane man today advocates the rebuilding of wooden culverts and bridges, and to build them of cement that will last through all the ages, requires a greater outlay of money than the present tax levy will admit.

The present Township Board is interested in this bond issue only as three citizens and tax payers. We firmly believe that it is wisdom on the part of the people to vote this bond issue and let the improvements be made permanent and lasting instead of having them built and rebuilt every two or three years with cheap material — the only thing that the present condition will admit of.

This whole matter is one for the people to decide and tomorrow is the day. Our interests, as stated, are only the interests of any other citizen. If the majority of the vote believe as we do, the tax levy will vary, and if the majority decide otherwise, then we have no fault to find. It is a matter that should be and will be decided by all the people, and their judgment as expressed tomorrow will prevail.

New Strawberries in August.

Professor W. A. Rickenbrode of the Northwest Normal brought to this office Wednesday morning some of the luscious strawberries that are just now blooming and ripening at his home in West Terrace Place. The strawberries are of the Progressive variety and are planted in the spring. The time for ripening is late summer and early autumn. Mr. Rickenbrode started a small bed of a dozen plants this spring to see what they were like. They are a deep red color, sweet and juicy to the taste.

Returned to St. Joseph.

Miss Nannie Moore of St. Joseph, who came to Maryville Monday with the body of her mother, Mrs. W. P. Moore, for burial, returned home Wednesday morning after a short visit with her niece and nephew, Miss Frankie and Will Masters. Others who accompanied the funeral party to Maryville, Misses Kate and Mattie Moore and Mrs. George Sutherland of Dexter, Mo., have remained for a longer visit.

Will Be Able to Leave Hospital.

Clarence Marker, who has been confined to the St. Francis hospital for a few weeks as a result of striking his head against a rock, when he fell off of a bicycle, is able to sit up now and will be taken home probably the last of the week. Marker is from Ravenwood and he was unconscious for five days after the accident.

Mr. Carl Schenck of Burlington, Kan., who has been spending several days with his sister, Mrs. Gilbert S. Cox, and family, left for his home Wednesday morning.

Mrs. P. O. Colwell of Loveland, Colo., who has been visiting the family of her brother, John Hull, left for her home Wednesday morning. She was accompanied as far as St. Joseph by her nephew, Merl Hull.

J. A. Kavanaugh and Eugene Kaufman of Graham came to Maryville Wednesday in Mr. Kavanaugh's car. Mr. Kavanaugh reports just enough rain was had at Graham Tuesday night to lay the dust.

DOING ALL IT CAN TWO DID NOT COME

permanent wooden crossings in the township has as its logical and inevitable result a practical frittering away of a large part of this money in the temporary patchwork that is absolutely necessary.

It has been shown that the voting of this money at this time means the solution for all time of the bridge and culvert problem in this township, leaving the yearly road tax to be used in keeping up the grades and keeping the roads dragged.

The campaign has been conducted fairly without a single exception. Those who have favored it have courteously refrained from criticism of those who have opposed the bonds, taking the position that a man may be on the opposite side of this question and still be just as good a citizen, just as greatly interested in the welfare of the township, and actuated by motives just as pure as the man who favors the bonds. We yield to our opponents every consideration we ask for ourselves.

That this open and above board policy has met a generous reception, and that the bond issue is proving unexpectedly popular is demonstrated in the attack made yesterday by an unknown individual signing himself "Taxpayer."

"Taxpayer" bases his opposition to the bonds by attacking the integrity of the township board.

If the opposition to the bonds wishes to make the township board the point of attack we are willing to meet the new issue.

Polk township never had a better township board than it has at this time.

There isn't a single point of honest attack to be made against any one of the three members. They are unselfishly giving their time to the needs of this township and they are getting practically nothing for their work.

The township board is doing all that any man could possibly do with the money at its disposal to put the roads of this township in good shape. And this board has a whole lot to show for the money expended.

But it is not possible for this board to meet all the demands made upon it. The funds are so limited and the calls so numerous that it is only possible to take care of the most imperative needs—and the others have to wait.

That's why we are asking for the bond issue.

Harve Balmum, the township trustee, long ago said that he would not take a cent of the commission that would be allowed him on the money secured by the bonds. He is not township trustee for the money there is in it—he took the office because he is so greatly interested in the welfare of this township that he is willing to sacrifice his personal business for the public good. And any man who hopes to gain votes for his cause by saying that it would keep a few hundred dollars from the township trustee sadly misjudges the sentiment of the people of this township.

The township board says that if the bond issue carries the money will be spent for permanent improvements on every road in this township—main road and side road. The township board means exactly what it says. If all this work is not completed by the time their terms of office expire the people of this township have intelligence enough to choose men as their successors who will continue the work along the plan announced by this board and which is so manifestly to the advantage of all the people of the township.

The Maryville Commercial club is solidly back of this bond issue and will make it its business to see that every agreement is fully kept—and the Maryville Commercial club is composed of practically every business and professional man in Maryville.

Those who favor the bond issue in this township tomorrow—Thursday—are out in the open asking for its adoption because it is a good business proposition. They represent a large majority of the taxpaying citizenship of the township.

"Taxpayer" may be a highly estimable gentleman, but he is an indefinite quantity. He may be opposed to the bond issue from honest principle, but he should have a better argument for his cause than an unwarranted attack on the members of the township board. Good Roads Committee, Maryville Commercial Club, W. F. Phares, F. P. Robinson, J. F. Hull, A. S. Robey.

Mr. and Mrs. Harry Peterson of San Antonio, Texas, who are spending the summer here, went to St. Joseph Tuesday morning to spend a few days.

Dr. G. W. Hobbs and Miss Ruth Hobbs of Clyde were in Maryville Wednesday morning on their way to St. Joseph for a few days' stay.

Bolckow, Mrs. George Null, Mrs. S. H. Townsend and Mrs. Amanda Lewis of Maryville.

The hostesses at Seldom Inn, Miss Helen Leffler and Miss Lulu Todd, went home Tuesday night after the program to get a good night's repose, having been subjected to two nights of nervous strain from the electrical storms of Sunday and Monday night. They had no sooner settled for sleep on the porch at the Todd home Tuesday night when the third electrical storm this week compelled them to seek shelter in the house amid some audible smiles from those of the family who had not sought change of scene and rest at Chautauqua park.

Mr. and Mrs. F. B. Monroe and Mrs. Wray and their guests composed a motor party from Hopkins at the Chautauqua Tuesday evening to hear the program by Roney's boys. Their guests are Mrs. D. A. Bugby of near Steele City, Neb., and Mrs. Curtis Wray and daughter of Springfield, Mo.

Mr. and Mrs. W. E. Goforth were the host and hostess of a picnic supper party Tuesday evening in Chautauqua park. Their guests included a motor party of relatives from Bolckow and Barnard, who came to hear Roney's boys. The same party heard the Chautauqua program at Savannah Monday evening and included Mrs. W. C. Coe, Mr. John Kurns and Miss Bertha Goforth of Bolckow, and Miss Donna Robinson of Barnard.

Shinabargar, Miss Mildred Shinabargar, Miss Besse Emerson of San Antonio, Texas; Roy Yeaman, Homer Shipps, Mrs. F. P. Robinson, Misses Mildred and Virginia Robinson, Mary Lewis, Vella Booth, Mrs. J. D. Richey, Mrs. Catherine Miller, W. Lee Griffin, Grandpa Thorp, Mrs. G. A. Pickens, Clara Price, Herschel Colbert.

Herbert Wamsley of Arkoe was the supper guest at Camp Come Inn Tuesday evening.

Mrs. G. S. Cox, Mrs. J. H. Woodburn, Mrs. Clarence Green and Mrs. F. P. Buck were visitors at the Clayton camp Tuesday.

At the Makes No Never Mind camp, when the lightning flashed until grandmother's teakettle was broken all to smash, things did seem to mind, and the hostesses had to call for assistance, and not in vain, either, to help fasten up a hole in the canvas that loosened up and let in water by the bucketful. After that little inconvenience was conquered it was the same Makes No Never Mind camp as ever.

Dew Drop Inn is the very appropriate name for the camp for Mr. and Mrs. E. A. Baker, Miss Bernice Baker and Myron Baker, who live north of Maryville. They are members of the well known county club, Dew Drop Inn.

Camp Rest is the name of Mrs. Flora Quinn's tent. It is the resting place of Mr. and Mrs. H. W. Hull, Miss Myra Hull, Edgar Hull, and their guest, Mrs. David Hull of Arton, Okla.

Mr. and Mrs. R. H. Rees of Burlington Junction arrived Tuesday in time for Congressman Landis' speech and will be guests over Wednesday of Mr. and Mrs. Emmett Scott at Camp Skott.

Mrs. James Strickler, Miss Fannie Galloway, Misses Mabel and Letta Strickler and Forrest Strickler of Skidmore were a motor party at Tuesday night's program, given by Roney's boys.

Mr. and Mrs. Elmer Harris of Coia, Iowa, were guests of Mr. and Mrs. W. W. Jones of the Jones-Carpenter camp Tuesday.

The girls of the Hum Drum club entertained a number of their boy friends at a real spread Tuesday evening, chaperoned by Dr. Earl Brantley and Miss Alice Porter. Miss Dorothy Dunn of Chicago, who is the club's guest for the week, was also present.

The boy friends included Edward Gray, Robert Brown, Eugene Cummins, Orlo Quinn, Magnus Tate, Kirby Taylor.

Pyle and her mother, Mrs. M. L. Clinkenbeard of DeKalb; Mrs. Ed Fordyce of Burlington Junction; Mrs. W. W. Stwalt and daughters, Mrs. W. S. Trevelt, Mrs. Frank Craig, Mrs. E. W. Helde-man, Miss Ora King, Mrs. Albert Gorton, and Paul Gorton.

Camp Chaperon is the name of the camp of Mrs. G. A. Nash and her daughters, Miss Alma Nash and Miss Elizabeth Nash. Their guests are Misses Agnes and Electa LaBelle of Kansas City, who are assisting with the music given by the Miss Nash's ladies band. There are many visitors here.

Mrs. L. M. Strader and her sister, Mrs. Z. T. Bickford and Miss Josephine Bickford of Plymouth, Ill., who arrived a few days ago to visit her, were chautauqua camp visitors Tuesday evening.

Miss Ruth Anderson of Argonia, Kan., who has been the chautauqua guest of Mrs. Harold Van Steenbergh several days, left for her home Wednesday morning.

A quartette of boys who call themselves "The Rough Bunch" are in camp by the Boyer Camp and are under the constant care of Paul Boyer, which insures the safety of the campers about them. Of course these boys are only bluffing, for they are Earnest Hartness, Donald Hagins, Lloyd Hartley and Ralph Strader.

Miss Mabel Hunt and Mr. Dan Miller were supper guests Tuesday evening at the Inn All Day camp. Mrs. George Felton of Parnell and Mrs. Anna Hotchkiss and Miss Mae Hotchkiss were guests during the day.

At Dr. and Mrs. Jesse Miller's camp there are three guests, Ralph Wray of Myrtle Tree, son of Mr. and Mrs. Ernest Wray; Earl and Helen Miller, son and daughter of Dr. and Mrs. Ed Miller of Hopkins.

Mr. and Mrs. D. E. Hotchkiss and children were guests Tuesday evening at Camp Idlewild, the camp of Rev. and Mrs. Alva Brown.

Mrs. Jesse Miller and Miss Ruth Miller of Stanberry are the Chautauqua guests of Mrs. John Anderson and Mrs. S. T. Gile.

Mrs. Fred Jamison and Mrs. Vander-vort were guests at Sans Souci camp Tuesday.

Mr. and Mrs. Walter Mutz and family had for their guests at supper Tuesday evening in their camp, Mrs. Smith Casteel, Miss Hazel Ritchie, Fred Lewis and Alvin Hill of Graham.

The society reporter was the guest of Mrs. John White at Camp Knabb Tuesday evening at supper. This is the most popular camp on the grounds, mostly because a little 3-year-old girl is there who wins the love of everyone as soon as they see her. She is Noreen White, daughter of Mr. and Mrs. Lewis White. She has every reason to be cross and peevish and tired, but she doesn't even think about it, although she is strapped down to a board and cannot move herself. She has been on this board for a year, having her back straightened from an injury, and it will be another year before she can be released, with the assurance that she will be strong and straight like her little sisters. She was 3 years old last December, but she has learned more philosophy in the last year and practices it every day than most people learn and practice in a life-time. She was at the Chautauqua last year and remembered all the time about the music she heard, the tents under the trees, the big tent where all the people went to hear music and hear men and women make speeches, and the lights in camp at night, and when preparations began for the present Chautauqua she was interested and talked all the time about it. So that is the main reason she is here. There is lots of work left down on the White farm to give this little girl pleasure. But she is worth it, they think, and every pleasure helps along the healing and growth of her body. She is wheeled everywhere on a vehicle especially built to support her, so that she may see all that is going on, and she laughs and sings and enjoys every minute of her life, for she knows she is going to run and play some day, and wear white shoes and stockings. They are the first things she is going to buy, she says, when she can walk. Noreen fell down stairs about two years ago and injured her spine.

SWINDLED OUT OF HER HAIR.

St. Joseph Woman, Formerly of Maryville, Asks Police to Look For Her Hair.

The following is from the St. Joseph Gazette in regard to a former Maryville resident:

Claiming that she was swindled out of her hair, Mrs. Ellis Matherly, 229 Hammond street, yesterday asked the police to help her regain possession of the hair, or the money that was promised her in exchange for it. Mrs. Matherly says that a woman called at the Matherly home a week ago, and told Mrs. Matherly that she was a maker of switches. Mrs. Matherly didn't want a switch, but she was willing to sell some hair that she had been saving for some time. The woman estimated Mrs. Matherly's hair to be worth about \$2, and took the hair up-town to weigh it, saying she would return with the money. Mrs. Matherly says she hasn't seen the switch maker since. The police are investigating.

RAN INTO A BUGGY

(Continued from first page.)

the buggy. The buggy was on the right side of the road and had turned out to let them pass. Mr. Canaday in his explanation of the accident, said that the buggy was going from one side of the road to the other, but the Misses Lyon denied this and according to the buggy tracks, the buggy had been turned out for some distance, to let the car pass.

When the auto hit the buggy, it turned the machine completely over on its top and it is strange that the auto party escaped from serious injuries. The damage to the machine will amount to \$150 or \$200 and consisted of a broken wheel, fenders and other damages.

Word of the accident was sent to Maryville and the auto party brought to Maryville by Sheriff Ed Wallace in his car. Prosecuting Attorney George Pat Wright issued an information against Canaday, who was the owner and driver of the machine. In his talk to Mr. Wright, Mr. Canaday said that he was in the auto livery business at Albany and was driving the people with him for hire. He admitted that he had been drinking, but denied that he was drunk. He told Mr. Wright he was willing to pay for the damages to the Lyon buggy.

So Canaday, with Sheriff Wallace, went to the Lyon farm Tuesday evening and Mr. Lyon thought the damages would be \$25, which Canaday paid to him. He and the other members of the auto party left for their homes last night.

After the accident, two bottles of whiskey were found in the car. Canaday said his name at first was J. H. Jones of King City, but later told Prosecuting Attorney Wright that his name was Canaday.

MAY EAT MEAT NEXT FRIDAY.

Catholics Granted Dispensation Because the Feast of Assumption Falls On That Day.

On Friday, August 15, the Catholic church celebrates the feast of the Assumption of the Mother of Christ into heaven as a holiday of obligation. This year the feast of the assumption falls on a Friday. According to a decree issued by Pope Pius X on July 2, 1911, Catholics are dispensed from the obligation of abstaining from meat on that day. This dispensation applies, likewise, to all holidays of obligation that fall on a Friday. Thursday, the eve of the assumption, however, is with Catholics a day of fast and abstinence, on which day the usual exemption is allowed in favor of working people. The announcement was made in the Catholic churches last Sunday.

Mrs. N. M. Sowder and Miss Clara Scharder of Pickering spent the day in Maryville Wednesday.

My Dear Mr. Frank:--

Mrs. Yehle, Miss Gertrude Condon and myself attended the Cleveland Fashion Exhibit which was a grand affair. The ready-to-wear manufacturers (seventy-eight in number) did every thing they could to educate the twelve hundred merchants who were present at the show.

What impressed us most were the styles which were shown on living models, many of them were styles which looked practical for our trade--not the extreme fashions but the kind our Maryville ladies would wear.

Every model which appeared on the stage had a Fall Hat to match the suit, coat or dress, which was very educating to us. We have ordered a full line of the styles which impressed us most.

What made it easy for us to pick out the line of merchandise we wanted was the fact that the Wooltex people as well as the other manufacturers exhibited all their suits and coats on living models which gave us a better idea what they looked like than the old way of showing.

We leave tonight for Niagara Falls by boat and expect to arrive in New York Friday to finish our purchasing. I feel sure we will have a well assorted stock of merchandise for our Fall and Winter trade.

Yours very truly,

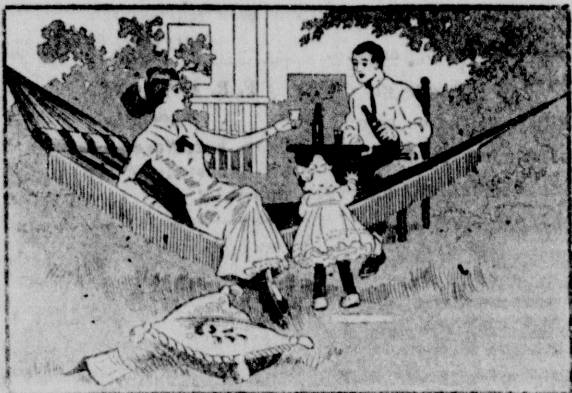

C. W. YEHLE

STATE HUNTS ROAD WORKERS.

Employment Bureaus to Furnish Substitutes for August 20-21.

Jefferson City, Aug. 12.—Instructions were issued today to the three state free employment bureaus of Missouri, located in St. Louis, Kansas City and St. Joseph, to list needy men willing to work for hire as substitutes in road building August 20 and 21.

Manufacturers, capitalists and others who cannot spare the two days to work on the roads, or are physically unable to do so, will be put in touch with substitutes whom they can hire at from \$2.50 to \$3.50 per day to take their places.

The list of substitutes will be limited to men who are actually in need of work, cannot afford to donate two days of toil to the cause and who are physically able to put in two full days at road building.

Each deserving applicant will be given the name and address of men anxious to hire a substitute, requested to report to him and make the necessary arrangements and then report back to the free employment bureau that he has agreed to fill that place. Rules and regulations which govern the free employment bureaus will apply to this temporary work. The question of wages and payment will be left entirely to the substitute and proposed employer.

The substitute will then report to the overseer of the designated district in which the good road work is to be done and will finally be paid by the employer on a written statement from the overseer that he has put in two days at road work.

In St. Louis the task of putting the substitutes in touch with employers will be in charge of Assistant Labor Commissioner James J. Barrett and Superintendent F. J. O'Keefe of the state free employment bureau, headquarters at 104 North Tenth street.

In Kansas City the work will be in charge of Superintendent Harvey Osborne, with headquarters at the free employment bureau at 224 New Nelson building.

In St. Joseph Superintendent George J. Kamler of the free employment bureau will have charge of the details with headquarters at 110 North Seventh street.

Between the three cities Commissioner Fitzpatrick expects to furnish an army of 25,000 workers, more or less skilled, each of whom needs the work and is anxious to earn from \$5 to \$7 for two days of labor. It is expected that for the state over \$60,000 will pass into the possession of men needing the money and anxious to earn it from men looking for substitutes by this move of the state free employment bureau.

Obituary.

Anna M. Keeton was born October 20, 1845, in Wayne county, Kentucky. She was married to C. W. J. Strong December 28, 1867. About 1869 she moved with her family to South Missouri, and since that time she has lived five years in Iowa, nearly one year in Kansas, and resided in the vicinity of Pickering about thirty-two years. She was the mother of seven children, one of whom preceded her to the spirit world. The living children are Mrs. J. E. Bishop of Los Angeles, Cal.; Hugh and Omar of Pickering, Delmar and Howard of Maryville, and Mrs. J. W. Neal of St. Joseph, Mo. She has one brother, Keelon Keeton of Kellogg, Ia., and two sisters, Mrs. W. E. Scott of Belle Plains, Kan., and Mrs. F. M.

Scott of Pickering, who survive her.

She united with the Christian church of Pickering soon after the dedication of the present structure, and was the second person baptized in it. She was a faithful Christian, a true wife, a loving mother, and bore her suffering with much fortitude.

Beside her husband, children, brother and sisters, she leaves a host of friends, whom she has gathered about her in life, to mourn her departure.

She died August 9th, 1913, being 67 years 9 months and 19 days old.

The funeral services were conducted at the Pickering Christian church Sunday, August 10, by E. W. Killion. Interment in the White Oak cemetery.

"Our friends on earth we meet in gladness,
While swift the moments fly;
Yet ever comes the thought of sadness
That we must say good-bye."

"How joyful is the thought that lingers
When loved ones cross death's sea,
That when our labors here are ended,
With them we'll ever be."

"No parting word shall ere be spoken
In that bright land of flowers,
But songs of joy and peace and gladness
Shall ever more be ours."

"We'll never say good-bye in heaven,
We'll never say good-bye,
For in that land of joy and song,
We'll never say good-bye."

Mrs. H. Wilmes, Mrs. H. Meyer, Mrs. B. Heltman and Miss Agnes Heltman, living two miles west of Bedison, boarded the early morning train at Bedison Tuesday for Wilcox to spend the day with Mr. and Mrs. A. DEATH AT BARNARD.

Mrs. Christina Kleber of Graham Passed Away at Home of Henry H. Stalling—Funeral Thursday.

Mrs. Christina Kleber of near Graham passed away Tuesday afternoon at 3 o'clock at the home of her son-in-law, Henry H. Stalling of Barnard. The funeral services will be held Thursday morning at 10:30 o'clock at the M. E. church in Graham, and burial will take place there by the body of her late husband, Rhinehart Kleber, whose death occurred about seven years ago.

Mrs. Kleber had been living at the home of her son, Philip Kleber, three miles east of Graham, until a week ago, when she concluded to go to Mr.

Stalling's home, thinking the change would be beneficial to her failing health. But she continued to weaken and death came Tuesday as stated. She had been a member of the German Methodist church for many years and was a devout woman. She was born in Hasse Nasau, Germany, seventy-eight years ago, and came with her husband to Nodaway county to make her home over forty years ago. She is survived by three children, Mrs. A. J. Linville of Wentz, Wash.; Mrs. John Weller of Maitland and Phillip Kleber of Graham. One child died in infancy, and a daughter, Amelia, who was the wife of Henry Stalling, died about ten years ago.

MRS. SULZER ASSUMES BLAME

Wife of Governor Says She Invested Money in Stocks.

ALL NIGHT SESSION TO IMPEACH

Test Vote This Morning Shows Democrats Lacking Three Votes of Necessary Majority—Two of Them May Vote for Impeachment.

Albany, N. Y., Aug. 13.—A declaration attributed to Mrs. William Sulzer, wife of the governor of New York, that she had used some of her husband's campaign contributions without his knowledge to invest in stocks because she felt the household needed money and that she wholly was responsible for his impeachment, was made the subject early this morning in the lower house of the New York legislature, debating a resolution to impeach Governor Sulzer.

It was the first test of strength of the Democratic organization which is considering the governor's impeachment and the organization lacked three votes of the seventy-six required to impeach.

Two of the men who voted against the organization, however, were said to be ready to vote for impeachment. The motion made by Republican Leader Hinman recited that Mrs. Sulzer's declaration should be properly placed under the head of newly discovered evidence and warranted postponement of further consideration of the impeachment resolution. The motion was defeated by a vote of 73 to 47. Notwithstanding the showing of the test vote, Majority Leader Levy asserted that the organization had enough votes to impeach the governor, and that he felt that it would do so before adjournment.

WARRINGTON GIRL TESTIFIES

Went With Diggs Under Threat of Exposure.

San Francisco, Aug. 13.—A court room crowded from the railings to the doors sat in hushed expectancy while Marsha Warrington picked her way slowly to the witness stand. It was the climax of the case which the government is presenting against Maury I. Diggs, former state architect of California, who is accused under the Mann act of transporting the girl for immoral purposes to Reno, Nev., from Sacramento, Cal., where he left a wife and babies.

Court adjourned with the story at the point where the party of four, consisting of Diggs, F. Drew Caminetti, Marsha Warrington and Lola Norris, stepped off the train at Reno. The girl swore that Diggs bought the railway tickets and paid for the sleeping car drawing room they occupied. The witness swore that she had left Sacramento under threats of exposure and only on promise of marriage.

CATHOLIC WOMEN IN REVOLT

Vote Against Forming League Because of "Lid" on Suffrage.

Milwaukee, Aug. 13.—The formation of a national Catholic women's league, after receiving the hearty approval of Archbishop Messmer of Milwaukee and after almost being a reality, was given a sudden blow here at the convention of the American Federation of Catholic societies when it was reported behind closed doors that the women delegates voted not to form a league, but to remain members of the American Federation of Catholic societies, an organization of both men and women.

The decision of the women was the result of a stormy session, in which the vote was close. Archbishop Messmer's decree that woman suffrage must not be discussed in the meetings is said to be the chief reason for the split in the movement of the women. A majority of the delegates to the meeting are reported to have been in favor of woman suffrage.

Hottest in Kansas for 27 Years.

Kansas City, Aug. 13.—Another 1913 heat record was broken in Kansas when various government weather stations showed that the average temperatures were higher than on any previous day of the year. In Missouri and Oklahoma the maximum temperature of the season was equalled. For nine successive days temperatures in Kansas have averaged more than 100 degrees. This has been the most severe hot weather period in Kansas in twenty-seven years. The mercury at Topeka climbed to 105.

Sioux Falls, S. D., Aug. 13.—During ninety days the young men and boys as well as some of the girls, of Day county earned \$4,123.12 in bounties for killing gophers. GIRL SLAIN BY NEGRO SERVANT

Child, Aged Thirteen, Found With Throat Cut From Ear to Ear.

POSSE IN PURSUIT OF BLACK.

Hundred Armed Men Search Country About Lexington, Mo., for Slayer, Who is Believed to Have Escaped Across River—Lynching is Feared.

Lexington, Mo., Aug. 13.—Estell Potter, thirteen years old, daughter of Newton Potter, a wealthy farmer living near here, was killed by Goldie Winkfield, a negro employed at the Potter home, after the negro had assaulted her. The child's throat was cut from ear to ear. A posse is pursuing the negro. A lynching is feared.

The child had been attending a summer school a mile from her home. Winkfield saddled her pony and sent her away. The negro, however, did not return to the home, as had been his custom. When the child did not return from school, a search was instituted. Her body was found in a ravine half a mile from the Potter home. The child's clothes had been torn from her body and her throat severed.

Newton Potter, the girl's father, said his daughter and the negro had quarreled when the child ordered the negro to peel some peaches. The negro departed in great anger and it is supposed his act was one of revenge. Winkfield had been employed on the Potter place one month.

As soon as the news of the murder spread a dozen bands of citizens were quickly organized and 100 armed men are searching for the murderer.

Sheriff Wadell said the negro had thus far successfully eluded his pursuers by seizing a small boat and crossing the Missouri river. Adjoining cities have been notified and the sheriff believes the negro will soon be in custody.

ATTACKS TOBACCO MONOPOLY

Hitchcock Declares Trust Has Increased Control of Manufacture.

Washington, Aug. 13.—That the tobacco trust, instead of being dissolved by the decree of the supreme court of the United States, has increased its monopolistic control of tobacco manufacture was asserted in the senate by Senator Hitchcock of Nebraska, in discussing the tobacco schedule of the tariff bill.

Announcing that he intended later to press his amendment to the tariff bill, which would place a graduated income tax on the tobacco section, Senator Hitchcock, who bolted the Democratic party caucus on the tariff, said he intended also later to discuss the propriety of that caucus in restraining its members from supporting his amendment.

KNIGHTS TEMPLAR PARADE

Thirty Thousand Uniformed Men March Over Denver Streets.

Denver, Aug. 13.—With the grand parade of 30,000 Knights Templar, the thirty-second triennial convocation formally opened in Denver.

The bugles sounding the forward march brought into official life the convocation, which is conceded by all Sir Knights to be the most ambitious in the history of the order.

The parade was divided into fifteen divisions, with from 1,500 to 2,000 swords in each.

ENGINEER DEAD AT THROTTLE

Fireman Discovers Lifeless Cabmate When "Slow" Signs Are Unheeded.

Laporte, Ind., Aug. 13.—Barney E. Flaherty, a Lake Erie engineer, died suddenly in his cab as the train left here for Michigan City. The train must have run for miles without his direction. The engineer's death was first noticed when the fireman saw that "slow" signs went by unheeded. He then looked on the engineer's side and found Flaherty dead. The body was taken from the train and was sent to Peru, Flaherty's home.

Recently two of Gordon's alleged confederates made written confessions exonerating him.

and Roney's Boys Sang.

This Evening's Program.

8:50—Sid Landon, character artist, entertainer.

Thursday's Program.
Morning:
10:00—Lecture and demonstration, Mrs. Jones.
Afternoon:

2:30—Lecture, the Rt. Rev. Fr. Nugent.
4:30—Concert, Maryville Concert band.
Evening:
7:45—Prelude concert, Heron Sisters.
8:30—Lecture by Dr. Woods.

Senator James K. Vardaman did not come to Maryville to give his lecture this afternoon on "The Power of Public Plunder." He was detained in Washington and could not possibly get away. Manager Landon did not receive word of this until Tuesday afternoon and could not make any arrangements for a change in program himself.

Rev. Dr. Wm. Spurgeon of London took Senator Vardaman's place. Dr. Spurgeon was on the program for Friday afternoon program, but came to Maryville Wednesday. Rev. Spurgeon's subject was "An Englishman's View of Uncle Sam and His Country." Nor will Congressman James E. Watson be here to give his lecture Thursday night. He, too, is detained in Washington. His place will be filled by Dr. Woods, a New Jersey minister. Manager Landon is unable to announce the subject of Dr. Woods' lecture.

The failure of these two men to be here is very unfortunate, and Manager Landon regrets it more than any one. The circumstances are unavoidable, however, and beyond the control of the local management. This is one of those instances which are bound to occur to any Chautauqua, and the people of Nodaway county are fortunate that such things do not happen oftener. This is only the second time during the years Mr. Landon has managed the Chautauqua that any of the talent has failed to appear.

Politics, good roads and music filled Tuesday's Chautauqua program. Although a good program it did not draw as large a crowd as that of Monday. The talent included Congressman Frederick Landis and Roney's Boys' Concert company on the regular Chautauqua program and William Hirth of Columbia, Mo., president of the Federation of Commercial Clubs of Missouri, brought here by the Maryville Commercial club to talk on good roads. Congressman Landis' speech on "Progressive Principles" was an outline of the main principles of the Progressive party with Mr. Landis' views of them.

"We will take the government from the state house and put it at the fire-sides of the homes of our land," he said. This he explained would be done by the great principles of the party, initiative and referendum, recall and women's suffrage.

These principles are so well known that much need not be said of them, but the speaker asserted that with the initiative and referendum bad bills could be killed at the polls and privilege would not then spend money to get them through the legislature. The Progressive party, he continued, stood for recall of judicial decision, which would effect only affairs of public welfare and not enter into petty private things, the recall of judicial procedure which would prevent final judgment from being delayed five or six years, and the recall of judges.

ment from being delayed five or six years, and the recall of judges.

"But I, myself, am in favor of the recall of every public official," he added.

Following Congressman Landis' address, William Hirth spoke to a small crowd of interested persons on the good roads movement. He told principally of the work that has been done in Boone county, his own county, laid stress upon the fact that, contrary to the general opinion of what would be done, the by-roads were worked into good condition before the main highways were touched. He advocated the purchase of modern road machinery, which, he said, had proved in his own county to do better work and more of it than could be done in the old way.

The concerts given by Roney's boys were as popular as ever. The little fellows he has with him from year to year always do good work, and the audiences which hear them are never disappointed. Their concert last night attracted the largest crowd of the day. The attendance at the Chautauqua so far has been excellent. Up to Tuesday night \$300 more money had been taken in at the gate than for the same time last year.

The domestic science lectures by Mrs. Nellie Kedzie Jones are growing in favor all the time. There was a large attendance Wednesday morning to hear her speak on "Tempting Dishes." They were nut loaf, macaroni and cheese, cheese fondue, cottage cheese, and beamed chicken. They were prepared and served to those present. Mrs. Jones has invited her hearers to criticize and ask questions and help her in the discussion. The women present Wednesday morning took active part and brought out many interesting things Wednesday morning.

Wednesday afternoon's program opened with a prelude concert by the Heron Sisters Concert company, followed by the address of Dr. Spurgeon. A concert was given after the program by the Missouri Ladies Military band.

People Have Power to Elect Successors Who Will Continue Work When Present Board Expires.

The campaign for the \$50,000 road bonds to be voted on tomorrow has been conducted along the line of appeal to the financial advantages that will follow the affirmative and the expenditure of the money in the construction of permanent roads in Polk township.

It has been shown that the tax on the individual is almost negligible compared with the direct, money-saving advantage he receives as a result of the building of good roads.

It has been shown that good roads brings the farm closer to town, that it makes farm life more attractive, that it embraces the selling value of the farm land.

It has been shown that it is the economical way to accomplish good roads. The attempt to carry along permanent work from the money that is apportioned from year to year to the road fund and at the same time keep up the necessary repairs on the improvement. (Continued on page 2.)

ANOTHER RAIN LAST NIGHT.

Maryville is Still Getting the Most of the Rain—Other Towns Only Had Sprinkle.

Maryville is still getting the most of the rain in the county. The one Tuesday night amounted to .44 of an inch according to Weather Observer Brink, and was the third rain that Maryville has had within the past three days. Sunday night rain amounted to half an inch and Monday night rain to .93 of an inch.

Reports from the other towns all over the county say that the rain was very light Tuesday night, in some places not more than a sprinkle.

The temperature on Tuesday went up to 97.

BY JUDGE JOHNSON.

YOUNG WOMAN INJURED

Automobile Turned Turtle, Buggy Was Demolished, But Only One Person Was Injured.

J. H. Canaday of Albany was arrested Tuesday afternoon on a charge of running an automobile while in a drunken condition. He pleaded guilty to the charge before Justice W. L. Johnson and was fined \$1 and costs, for the damages he had done to a buggy which he ran into with his auto.

Canaday with a party composed of Misses Edith Flesher and Claudia McGrew of King City and Harry Smith of St. Joseph were coming to Maryville in a machine and ran into a buggy near the Council Corner school house, four miles east of the city.

In the buggy were Misses Jessie and Mollie Lyon, daughters of H. W. Lyon, living six miles south of Maryville. They escaped with just a few bruises, but the buggy was badly demolished.

The automobile party escaped with only a few minor injuries except Miss Flesher, who received quite a gash in her head.

The auto and the buggy were coming to Maryville and from the tracks, it looked as if the machine just ran into (Continued on Page 3)

BOARD ANSWERS "TAXPAYER"

Has Treated Everyone Civilly and Used Best Judgment in Expenditure of Money

The Board Thinks State Highway Engineer's Estimates as to Cost Are Superior to Those of Mr. Nunnelley

TO THE PUBLIC:

In the Democrat-Forum of the 12th, appeared an article on the bond issue, signed "Tax Payer," written by John B. Nunnelley.

We will not burden you with any extended refutation of the article, because every citizen of Polk township knows as much of the conditions therein; knows as much of the needs as to roads and bridges of the township, and knows as much of the actions of the Township Board as does Mr. Nunnelley. Mr. Nunnelley knows and the citizens of this township know that no man and no vicinity has been treated disrespectfully by this board, as Mr. Nunnelley's article would indicate. Everybody has been treated civilly and courteously, and every effort has been made by the board and by each member thereof to render to the people the very best possible service and to do everything that could possibly be done with the means at hand for the betterment of the roads and in fulfillment of the platform upon which we were elected. No man has been told "If you want it fixed, go fix it," in the spirit that Mr. Nunnelley indicates. In cases of emergency and in cases of unexpected breaks in bridges and culverts men have been told, not discourteously as Mr. Nunnelley suggests, but in a kindly spirit, to fix them and present their bills. This in the interest of the township and in order to facilitate the work.

We will now touch briefly the reasons stated by Mr. Nunnelley for the defeat of the bonds.

(1) "Because Jack Holt does not live in Polk Township." We are at a loss to understand what bearing that has in the case whether Jack Holt lives in this Township or some other, but we suppose he refers to the fact Mr. Holt gave out a statement in favor of the bonds. Any man who is familiar with Mr. Holt, with his tactics on good roads, with the roads in the vicinity of his farm, greatly improved by money expended by him and his neighbors, any one, we say, who knows these things knows that Jack Holt has a right to speak out at any time and at any place and under any circumstances in favor of good roads. His own roads and his own actions license him to do this.

(2) "Because the present Township Board can not hope to carry out their promises and may be retired before they have an opportunity to do so." The board does not attempt to speak beyond the legal limit of its existence. We do say and we repeat, that an honest effort will be made by us, every minute we are in office, and up to the last day of our present term, to carry out every promise made by us in the statement to which he refers.

(3) "Because it will not require half the amount asked to fix all the township culverts." This is a point wherein the judgment of Mr. Nunnelley and the State Highway Engineer is at variance. We do not know what investigation Mr. Nunnelley has made, but the State Highway Engineer's estimate was made after a careful survey of every road in the Township; after looking over every bridge and culvert therein, and then reduced to a mathematical certainty. Has Mr. Nunnelley made such investigation, or are his figures based upon merely a vivid imagination that has come to him in his dreams and prompted by his antipathy for the payment of taxes?

(4) "Because it is not needed if the money set aside for township purposes is judiciously expended." This is another question where the judgment of Mr. Nunnelley is crosswise with that of the talented State Engineer who has made it a study and whose figures are based, as we said before, upon a careful investigation.

(5) "Because taxes are high enough now." This is a question for every man, every individual, every voter to settle for himself. It is not subject to debate that with better roads, better bridges, with better culverts the load can be increased and every farmer's land brought that much closer to the county seat. And it is not subject to debate that the present tax levy is insufficient to improve the condition of the roads. The present levy might maintain the present standard; might allow us to build and rebuild cheap wooden culverts from time to time, but the levy is not sufficient to allow this or any other Township Board to make permanent and lasting improvements. No sane man today advocates the rebuilding of wooden culverts and bridges, and to build them of cement that will last through all the ages, requires a greater outlay of money than the present tax levy will admit.

The present Township Board is interested in this bond issue only as three citizens and tax payers. We firmly believe that it is wisdom on the part of the people to vote this bond issue and let the improvements be made permanent and lasting instead of having them built and rebuilt every two or three years with cheap material — the only thing that the present condition will admit of.

This whole matter is one for the people to decide and tomorrow is the day. Our interests, as stated, are only the interests of any other citizen. If the majority of the vote believe as we do, the tax levy will vary, and if the majority decide otherwise, then we have no fault to find. It is a matter that should be and will be decided by all the people, and their judgment as expressed tomorrow will prevail.

New Strawberries in August.
Professor W. A. Rickenbrode of the Northwest Normal brought to this office Wednesday morning some of the lushest strawberries that are just now blooming and ripening at his home in West Terrace Place. The strawberries are of the Progressive variety and are planted in the spring. The time for ripening is late summer and early autumn. Mr. Rickenbrode started a small bed of a dozen plants this spring to see what they were like. They are a deep red color, sweet and juicy to the taste.

Returned to St. Joseph.
Miss Nannie Moore of St. Joseph, who came to Maryville Monday with the body of her mother, Mrs. W. P. Moore, for burial, returned home Wednesday morning after a short visit with her niece and nephew, Miss Frankie and Will Masters. Others who accompanied the funeral party to Maryville, Misses Kate and Mattie Moore and Mrs. George Sutherland of Dexter, Mo., have remained for a longer visit.

Will Be Able to Leave Hospital.
Clarence Marker, who has been confined to the St. Francis hospital for a few weeks as a result of striking his head against a rock, when he fell off of a bicycle, is able to sit up now and will be taken home probably the last of the week. Marker is from Ravenwood and he was unconscious for five days after the accident.

Kansas Visitor Leaves.
Mr. Carl Schenck of Burlington, Kan., who has been spending several days with his sister, Mrs. Gilbert S. Cox, and family, left for his home Wednesday morning.

Mrs. P. O. Colwell of Loveland, Colo., who has been visiting the family of her brother, John Hull, left for her home Wednesday morning. She was accompanied as far as St. Joseph by her nephew, Merl Hull.

J. A. Kavanaugh and Eugene Kaufman of Graham came to Maryville Wednesday in Mr. Kavanaugh's car. Mr. Kavanaugh reports just enough rain was had at Graham Tuesday night to lay the dust.

permanent wooden crossings in the township has as its logical and inevitable result a practical frittering away of a large part of this money in the temporary patchwork that is absolutely necessary.

It has been shown that the voting of this money at this time means the solution for all time of the bridge and culvert problem in this township, leaving the yearly road tax to be used in keeping up the grades and keeping the roads dragged.

The campaign has been conducted fairly without a single exception. Those who have favored it have courteously refrained from criticism of those who have opposed the bonds, taking the position that a man may be on the opposite side of this question and still be just as good a citizen, just as greatly interested in the welfare of the township, and actuated by motives just as pure as the man who favors the bonds. We yield to our opponents every consideration we ask for ourselves.

That this open and above board policy has met a generous reception, and that the bond issue is proving unexpectedly popular is demonstrated in the attack made yesterday by an unknown individual signing himself "Taxpayer."

"Taxpayer" bases his opposition to the bonds by attacking the integrity of the township board.

If the opposition to the bonds wishes to make the township board the point of attack we are willing to meet the new issue.

Polk township never had a better township board than it has at this time.

There isn't a single point of honest attack to be made against any one of the three members. They are unselfishly giving their time to the needs of this township and they are getting practically nothing for their work.

The township board is doing all that any man could possibly do with the money at its disposal to put the roads of this township in good shape. And this board has a whole lot to show for the money expended.

But it is not possible for this board to meet all the demands made upon it. The funds are so limited and the calls so numerous that it is only possible to take care of the most imperative needs—and the others have to wait.

That's why we are asking for the bond issue.

Harve Hainum, the township trustee, long ago said that he would not take a cent of the commission that would be allowed him on the money secured by the bonds. He is not township trustee for the money there is in it—he took the office because he is so greatly interested in the welfare of this township that he is willing to sacrifice his personal business for the public good. And any man who hopes to gain votes for his cause by saying that it would keep a few hundred dollars from the township trustee sadly misjudges the sentiment of the people of this township.

The township board says that if the bond issue carries the money will be spent for permanent improvements on every road in this township—main road and side road. The township board means exactly what it says. If all this work is not completed by the time their terms of office expire the people of this township have intelligence enough to choose men as their successors who will continue the work along the plan announced by this board and which is so manifestly to the advantage of all the people of the township.

The Maryville Commercial club is solidly back of this bond issue and will make it its business to see that every agreement is fully kept—and the Maryville Commercial club is composed of practically every business and professional man in Maryville.

Those who favor the bond issue in this township tomorrow—Thursday—are out in the open asking for its adoption because it is a good business proposition. They represent a large majority of the taxpaying citizenship of the township.

"Taxpayer" may be a highly estimable gentleman, but he is an indefinite quantity. He may be opposed to the bond issue from honest principle, but he should have a better argument for his cause than an unwarranted attack on the members of the township board. Good Roads Committee, Maryville Commercial Club, W. F. Phares, F. P. Robinson, J. F. Hull, A. S. Robey.

Mr. and Mrs. Harry Peterson of San Antonio, Texas, who are spending the summer here, went to St. Joseph Wednesday morning to spend a few days.

Dr. G. W. Hobbs and Miss Ruth Hobbs of Clyde were in Maryville Wednesday morning on their way to St. Joseph for a few days' stay.

The hostesses at Seldon Inn, Miss Helen Leffer and Miss Lulu Todd, went home Tuesday night after the program to get a good night's repose, having been subjected to two nights of nervous strain from the electrical storms of Sunday and Monday night. They had no sooner settled for sleep on the porch at the Todd home Tuesday night when the third electrical storm this week compelled them to seek shelter in the house amid some audible smiles from those of the family who had not sought change of scene and rest at Chautauqua park.

Mr. and Mrs. F. B. Monroe and Mrs. Wray and their guests composed a motor party from Hopkins at the Chautauqua Tuesday evening to hear the program by Roney's boys. Their guests are Mrs. D. A. Bugby of near Steele City, Neb., and Mrs. Curtis Wray and daughter of Springfield, Mo.

Mr. and Mrs. W. E. Goforth were the host and hostess of a picnic supper party Tuesday evening in Chautauqua park. Their guests included a motor party of relatives from Bolckow and Barnard, who came to hear Roney's boys. The same party heard the Chautauqua program at Savannah Monday evening and included Mrs. W. E. Goforth, Mrs. John Kurns and Miss Bertha Goforth of Bolckow, and Miss Donna Robinson of Barnard.

Miss Helen Wray of Springfield, Mo., arrived Monday night to join her mother and sister on their visit with Maryville friends. Miss Helen will remain until the first of September. She is spending the week at Chautauqua with girl friends.

Miss Nellie Sims of Ravenwood and Mrs. M. M. Shuffelbarger of St. Paul, Minn., were Chautauqua visitors Tuesday. Mrs. Shuffelbarger leaves in a few days for her home, and this is her last visit among Maryville friends at this time.

Mr. and Mrs. Frank Helzer and Helen and Roy Helzer of Graham, Mrs. Margaret Pierce and Mrs. R. F. Hamblen were guests at Mrs. Joseph Eckles' tent Tuesday.

Mr. and Mrs. C. G. McMillen, Miss Nellie Morford, Miss Flossie Neal, Messrs. Ralph Lincoln and Orlo Lincoln of Pickering heard Congressman Landis Tuesday afternoon.

Among those who heard the victrola concert at the Field-Lippman tent Tuesday, which is one of the most popular places on the Chautauqua grounds, were Mr. and Mrs. J. S. Shubarger, Miss Mildred Shubarger, Miss Besse Emerson of San Antonio, Texas; Roy Yeaman, Homer Shipp, Mrs. F. P. Robinson, Misses Mildred and Virginia Robinson, Mary Lewis, Vella Booth, Mrs. J. D. At the Makes No Never Mind camp, when the lightning flashed until grandmother's teakettle was broken all to smash, things did seem to mind, and the hostesses had to call for assistance, and not in vain, either, to help fasten up a hole in the canvas that loosened up and let in water by the bucketful. After that little inconvenience was conquered it was the same Makes No Never Mind camp as ever.

Dew Drop Inn is the very appropriate name for the camp for Mr. and Mrs. E. A. Baker, Miss Bernice Baker and Myron Baker, who live north of Maryville. They are members of the well known county club, Dew Drop Inn.

The boy friends included Edward Gray, Robert Brown, Eugene Cummins, Orlo Quinn, Magnus Tate, Kirby Taylor.

Mrs. J. F. Freeman and Miss Lois Sturgeon of Hopkins are the Chautauqua guests of Mrs. M. H. Borrsch.

At the Camp of Hospitality, where Mrs. Lon Fordyce, Mrs. Del Thompson and Mrs. John Snapp are hostesses, there were quite a number of visitors Tuesday, including Mrs. J. J. Miss Ruth Anderson of Argonia, Kan., who has been the Chautauqua guest of Mrs. Harold Van Steenberg several days, left for her home Wednesday morning.

A quartette of boys who call themselves "The Rough Bunch" are in camp by the Boyer Camp and are under the constant care of Paul Boyer, which insures the safety of the campers about them. Of course these boys are only bluffing, for they are Earnest Hartness, Donald Hagins, Lloyd Hartley and Ralph Strader.

Mr. and Mrs. Walter Mutz and family had for their guests at supper Tuesday evening in their camp, Mrs. Smith Casteel, Miss Hazel Ritchie, Fred Lewis and Alvin Hill of Graham.

The society reporter was the guest of Mrs. John White at Camp Knabb Tuesday evening at supper. This is the most popular camp on the grounds, mostly because a little 3-year-old girl is there who wins the love of everyone as soon as they see her. She is Noreen White, daughter of Mr. and Mrs. Lewis White. She has every reason to be cross and peevish and tired, but she doesn't even think about it, although she is strapped down to a board and cannot move herself. She has been on this board for a year, having her back straightened from an injury, and it will be another year before she can be released, with the assurance that she will be strong and straight like her little sisters. She was 3 years old last December, but she has learned more philosophy in the last year and practices it every day than most people learn and practice in a life-time. She was at the Chautauqua last year and remembered all the time about the music she heard, the tents under the trees, the big tent where all the people went to hear music and hear men and women make speeches, and the lights in camp at night, and when preparations began for the present Chautauqua she was interested and talked all the time about it. So that is the main reason she is here. There is lots of work left down on the White farm to give this little girl pleasure. But she is worth it, they think, and every pleasure helps along the healing and growth of her body. She is wheeled everywhere on a vehicle especially built to support her, so that she may see all that is going on, and she laughs and sings and enjoys every minute of her life, for she knows she is going to run and play some day, and wear white shoes and stockings. They are the first things she is going to buy, she says, when she can walk. Noreen fell down stairs about two years ago and injured her spine.

SWINDLED OUT OF HER HAIR.

St. Joseph Woman, Formerly of Maryville, Asks Police to Look For Her Hair.

The following is from the St. Joseph Gazette in regard to a former Maryville resident:

Claiming that she was swindled out of her hair, Mrs. Ellis Matherly, 229 Hammond street, yesterday asked the police to help her regain possession of the hair, or the money that was promised her in exchange for it. Mrs. Matherly says that a woman called at the Matherly home a week ago, and told Mrs. Matherly that she was a maker of switches. Mrs. Matherly didn't want a switch, but she was willing to sell some hair that she had been saving for some time. The woman estimated Mrs. Matherly's hair to be worth about \$2, and took the hair up-town to weigh it, saying she would return with the money. Mrs. Matherly says she hasn't seen the switch maker since. The police are investigating.

RAN INTO A BUGGY

(Continued from first page.)
the buggy. The buggy was on the right side of the road and had turned out to let them pass. Mr. Canaday in his explanation of the accident, said that the buggy was going from one side of the road to the other, but the Misses Lyon denied this and according to the buggy tracks, the buggy had been turned out for some distance, to let the car pass.

When the auto hit the buggy, it turned the machine completely over on its top and it is strange that the auto party escaped from serious injuries. The damage to the machine will amount to \$150 or \$200 and consisted of a broken wheel, fenders and other damages.

Word of the accident was sent to Maryville and the auto party brought to Maryville by Sheriff Ed Wallace in his car. Prosecuting Attorney George Pat Wright issued an information against Canaday, who was the owner and driver of the machine. In his talk to Mr. Wright, Mr. Canaday said that he was in the auto livery business at Albany and was driving the people with him for hire. He admitted that he had been drinking, but denied that he was drunk. He told Mr. Wright he was willing to pay for the damages to the Lyon buggy.

So Canaday, with Sheriff Wallace, went to the Lyon farm Tuesday evening and Mr. Lyon thought the damages would be \$25, which Canaday paid to him. He and the other members of the auto party left for their homes last night.

After the accident, two bottles of whiskey were found in the car. Canaday said his name at first was J. H. Jones of King City, but later told Prosecuting Attorney Wright that his name was Canaday.

MAY EAT MEAT NEXT FRIDAY.

Catholics Granted Dispensation Because the Feast of Assumption Falls On That Day.

On Friday, August 15, the Catholic church celebrates the feast of the Assumption of the Mother of Christ into heaven as a holiday of obligation. This year the feast of the assumption falls on a Friday. According to a decree issued by Pope Pius X on July 2, 1911, Catholics are dispensed from the obligation of abstaining from meat on that day. This dispensation applies, likewise, to all holidays of obligation that fall on a Friday. Thursday, the eve of the assumption, however, is with Catholics a day of fast and abstinence, on which day the usual exemption is allowed in favor of working people. The announcement was made in the Catholic churches last Sunday.

STATE HUNTS ROAD WORKERS.

Employment Bureaus to Furnish Substitutes for August 20-21.

Jefferson City, Aug. 12.—Instructions were issued today to the three state free employment bureaus of Missouri, located in St. Louis, Kansas City and St. Joseph, to list needy men willing to work for hire as substitutes in road building August 20 and 21.

Manufacturers, capitalists and others who cannot spare the two days to work on the roads, or are physically unable to do so, will be put in touch with substitutes whom they can hire at from \$2.50 to \$3.50 per day to take their places.

The list of substitutes will be limited to men who are actually in need of work, cannot afford to donate two days of toll to the cause and who are physically able to put in two full days at road building.

Each deserving applicant will be given the name and address of men anxious to hire a substitute, requested to report to him and make the necessary arrangements and then report back to the free employment bureau that he has agreed to fill that place. Rules and regulations which govern the free employment bureaus will apply to this temporary work. The question of wages and payment will be left entirely to the substitute and proposed employer.

The substitute will then report to the overseer of the designated district in which the good road work is to be done and will finally be paid by the employer on a written statement from the overseer that he has put in two days at road work.

In St. Louis the task of putting the substitutes in touch with employers will be in charge of Assistant Labor Commissioner James J. Barrett and Superintendent F. J. O'Keefe of the state free employment bureau, headquarters at 104 North Tenth street.

In Kansas City the work will be in charge of Superintendent Harvey Osborne, with headquarters at the free employment bureau at 224 New Nelson building.

In St. Joseph Superintendent George J. Kamler of the free employment bureau will have charge of the details with headquarters at 119 North Seventh street.

Between the three cities Commissioner Fitzpatrick expects to furnish an army of 25,000 workers, more or less skilled, each of whom needs the work and is anxious to earn from \$5 to \$7 for two days of labor. It is expected that for the state over \$60,000 will pass into the possession of men needing the money and anxious to earn it from men looking for substitutes by this move of the state free employment bureau.

A. T. E.

CLEVELAND, OHIO, Aug. 11, 1913.

My Dear Mr. Frank:--

Mrs. Yehle, Miss Gertrude Condon and myself attended the Cleveland Fashion Exhibit which was a grand affair. The ready-to-wear manufacturers (seventy-eight in number) did every thing they could to educate the twelve hundred merchants who were present at the show.

What impressed us most were the styles which were shown on living models, many of them were styles which looked practical for our trade—not the extreme fashions but the kind our Maryville ladies would wear.

Every model which appeared on the stage had a Fall Hat to match the suit, coat or dress, which was very educating to us. We have ordered a full line of the styles which impressed us most.

What made it easy for us to pick out the line of merchandise we wanted was the fact that the Wooltex people as well as the other manufacturers exhibited all their suits and coats on living models which gave us a better idea what they looked like than the old way of showing.

We leave tonight for Niagara Falls by boat and expect to arrive in New York Friday to finish our purchasing. I feel sure we will have a well assorted stock of merchandise for our Fall and Winter trade.

Yours very truly,

C. W. YEHLE

Obituary.

Anna M. Keeton was born October 20, 1845, in Wayne county, Kentucky. She was married to C. W. J. Strong December 28, 1867. About 1869 she moved with her family to South Missouri, and since that time she has lived five years in Iowa, nearly one year in Kansas, and resided in the vicinity of Pickering about thirty-two years. She was the mother of seven children, one of whom preceded her to the spirit world. The living children are Mrs. J. E. Bishop of Los Angeles, Cal.; Hugh and Omar of Pickering, Delmar and Howard of Maryville, and Mrs. J. W. Neal of St. Joseph, Mo. She has one brother, Keelon Keeton of Kellogg, Ia., and two sisters, Mrs. W. E. Scott of Belle Plaine, Kan., and Mrs. F. M.

Scott of Pickering, who survive her.

She united with the Christian church of Pickering soon after the dedication of the present structure, and was the second person baptized in it. She was a faithful Christian, a true wife, a loving mother, and bore her suffering with much fortitude.

Beside her husband, children, brother and sisters, she leaves a host of friends, whom she has gathered about her in life, to mourn her departure.

She died August 9th, 1913, being 67 years 9 months and 19 days old. The funeral services were conducted at the Pickering Christian church Sunday, August 10, by E. W. Killion. Interment in the White Oak cemetery.

"Our friends on earth we meet in gladness,
While swift the moments fly;
Yet ever comes the thought of sadness
That we must say good-bye."

"How joyful is the thought that lingers
When loved ones cross death's sea,
That when our labors here are ended,
With them we'll ever be."

"No parting word shall ere be spoken
In that bright land of flowers,
But songs of joy and peace and gladness
Shall ever more be ours."

"We'll never say good-bye in heaven,
We'll never say good-bye,
For in that land of joy and song,
We'll never say good-bye."

Mrs. H. Wilmes, Mrs. H. Meyer, Mrs. B. Heitman and Miss Agnes Heitman, living two miles west of Bedison, boarded the early morning train at Bedison Tuesday for Wilcox to spend the day with Mr. and Mrs. A. McCord and family, who were former neighbors, living on the G. B. Baker farm, now owned by Henry Wilmes. The visitors will return home on the evening train.

Miss Erna DeHart of Maysville returned home Wednesday morning, having been in Maryville to take the state teachers' examination.

DEATH AT BARNARD.

Mrs. Christina Kleber of Graham Passed Away at Home of Henry H. Stalling—Funeral Thursday.

Mrs. Christina Kleber of near Graham passed away Tuesday afternoon at 3 o'clock at the home of her son-in-law, Henry H. Stalling of Barnard. The funeral services will be held Thursday morning at 10:30 o'clock at the M. E. church in Graham, and burial will take place there by the body of her late husband, Rhinehart Kleber, whose death occurred about seven years ago.

Mrs. Kleber had been living at the home of her son, Philip Kleber, three miles east of Graham, until a week ago, when she concluded to go to Mr.

Stalling's home, thinking the change would be beneficial to her failing health. But she continued to weaken and death came Tuesday as stated. She had been a member of the German Methodist church for many years and was a devout woman. She was born in Hasse Nasau, Germany, seventy-eight years ago, and came with her husband to Nodaway county to make her home over forty years ago. She is survived by three children, Mrs. A. J. Linville of Wenatchee, Wash.; Mrs. John Weller of Maitland and Philip Kleber of Graham. One child died in infancy, and a daughter, Amelia, who was the wife of Henry Stalling, died about ten years ago.

MRS. SULZER ASSUMES BLAME

Wife of Governor Says She Invested Money in Stocks.

ALL NIGHT SESSION TO IMPEACH

Test Vote This Morning Shows Democrats Lacking Three Votes of Necessary Majority—Two of Them May Vote for Impeachment.

Albany, N. Y., Aug. 13.—A declaration attributed to Mrs. William Sulzer, wife of the governor of New York, that she had used some of her husband's campaign contributions without his knowledge to invest in stocks because she felt the household needed money and that she wholly was responsible for his impeachment, was made the subject early this morning in the lower house of the New York legislature, debating a resolution to impeach Governor Sulzer.

It was the first test of strength of the Democratic organization which is considering the governor's impeachment and the organization lacked three votes of the seventy-six required to impeach.

Two of the men who voted against the organization, however, were said to be ready to vote for impeachment. The motion made by Republican Leader Hinman recited that Mrs. Sulzer's declaration should be properly placed under the head of newly discovered evidence and warranted postponement of further consideration of the impeachment resolution. The motion was defeated by a vote of 73 to 47. Notwithstanding the showing of the test vote, Majority Leader Levy asserted that the organization had enough votes to impeach the governor, and that he felt that it would do so before adjournment.

WARRINGTON GIRL TESTIFIES

Went With Digs Under Threat of Exposure.

San Francisco, Aug. 13.—A court room crowded from the railings to the doors sat in hushed expectancy while Marsha Warrington picked her way slowly to the witness stand. It was the climax of the case which the government is presenting against Maury I. Digs, former state architect of California, who is accused under the Mann act of transporting the girl for immoral purposes to Reno, Nev., from Sacramento, Cal., where he left a wife and babies.

Court adjourned with the story at the point where the party of four, consisting of Digs, F. Drew Caminetti, Marsha Warrington and Lola Norris, stepped off the train at Reno. The girl swore that Digs bought the railway tickets and paid for the sleeping car drawing room they occupied. The witness swore that she had left Sacramento under threats of exposure and only on promise of marriage.

CATHOLIC WOMEN IN REVOLT

Vote Against Forming League Because of "Lid" on Suffrage.

Milwaukee, Aug. 13.—The formation of a national Catholic women's league, after receiving the hearty approval of Archbishop Messmer of Milwaukee and after almost being a reality, was given a sudden blow here at the convention of the American Federation of Catholic societies when it was reported behind closed doors that the women delegates voted not to form a league, but to remain members of the American Federation of Catholic societies, an organization of both men and women.

The decision of the women was the result of a stormy session, in which the vote was close. Archbishop Messmer's decree that woman suffrage must not be discussed in the meetings is said to be the chief reason for the split in the movement of the women. A majority of the delegates to the meeting are reported to have been in favor of woman suffrage.

GIRL SLAIN BY NEGRO SERVANT

Child, Aged Thirteen, Found With Throat Cut From Ear to Ear.

POSSE IN PURSUIT OF BLACK.

Hundred Armed Men Search Country About Lexington, Mo., for Slayer, Who Is Believed to Have Escaped Across River—Lynching Is Feared.

Lexington, Mo., Aug. 13.—Estell Potter, thirteen years old, daughter of Newton Potter, a wealthy farmer living near here, was killed by Goldie Winkfield, a negro employed at the Potter home, after the negro had assaulted her. The child's throat was cut from ear to ear. A posse is pursuing the negro. A lynching is feared.

The child had been attending a summer school a mile from her home. Winkfield saddled her pony and sent her away. The negro, however, did not return to the home, as had been his custom. When the child did not return from school, a search was instituted. Her body was found in a ravine half a mile from the Potter home. The child's clothes had been torn from her body and her throat severed.

Newton Potter, the girl's father, said his daughter and the negro had quarreled when the child ordered the negro to peel some peaches. The negro departed in great anger and it is supposed his act was one of revenge. Winkfield had been employed on the Potter place one month.

As soon as the news of the murder spread a dozen bands of citizens were quickly organized and 100 armed men are searching for the murderer.

Sheriff Wadell said the negro had thus far successfully eluded his pursuers by seizing a small boat and crossing the Missouri river. Adjoining cities have been notified and the sheriff believes the negro will soon be in custody.

ATTACKS TOBACCO MONOPOLY

Hitchcock Declares Trust Has Increased Control of Manufacture.

Washington, Aug. 13.—That the tobacco trust, instead of being dissolved by the decree of the supreme court of the United States, has increased its monopolistic control of tobacco manufacture was asserted in the senate by Senator Hitchcock of Nebraska, in discussing the tobacco schedule of the tariff bill.

Announcing that he intended later to press his amendment to the tariff bill, which would place a graduated income tax on the tobacco section, Senator Hitchcock, who booted the Democratic party caucus on the tariff, said he intended also later to discuss the propriety of that caucus in restraining its members from supporting his amendment.

The parade was divided into fifteen divisions, with from 1,500 to 2,000 swords in each.

The engineer's death was first noticed when the fireman saw that "slow" signs went by unheeded. He then looked on the engineer's side and found Flaherty dead. The body was taken from the train and was sent to Peru, Flaherty's home.
